Instructions

Starting a Route from Scratch

- 1 Enter ODOM, Turn and Street Names (Go will be calculated)
- 2 For Regroup or Notes, enter the distance on the first line only. Delete the value in
- 3 Regroups or Notes should be centered and filled with a light grey color.
- 4 If starting from somewhere other than 9th and Main St please indicate start location
- 5 To help orient people the first direction should usually be a compass direction (N, E
- 6 If you need to use more than 40 lines continue the route using the 2nd Column.
- 7 If the route is less than 40 lines long then copy Columns A-D and paste them over
- 8 When possible, include the address of regroup locations. This is to help riders kno
- 9 If you can, enter Odom values using hundredths of miles (1.38 instead of 1.4). Th
